

What are Models and Simulations? What kind of role can Models and Simulations have in training?

This is part 1 of a 2 part event. During part 1, we will discuss:
What are Models and Simulations?
The types of simulations
Uses of simulations in training
A interactive simulation exercise

In August 16th, part 2 of this session will continue with a tour of the Virginia Modeling, Analysis, and Simulation Center at ODU Tri-Cities Center in Suffolk, VA (Note: the tour will be open to SEVA members ONLY).

If you are not currently a SEVA ATD member, there is still time to join before the August Simulation Tour. Please use our membership page to join.
